Rhino & Lion Nature Reserve

The Rhino & Lion Nature Reserve is a privately-owned nature reserve that covers an area of about 1 600 hectares. It's situated in the pristine Cradle of Humankind area which is a UNESCO World Heritage Site and famous for its significant archaeological finds. The nature reserve is about 40 kilometres north-west of Johannesburg and 60 kilometres west of Pretoria.

Bothongo Wondercave

This incredible cave system located on the nature reserve was discovered by Italian miners in 1898. It's the third-largest chamber in South Africa, after Cango Caves and Sudwala Caves. The ancient cave is millions of years old and famous for its impressive stalactites and stalagmites, some as tall as 15 metres.

Please note

You need to be reasonably fit to visit the Bothongo Wondercave. There are 87 steps down to the entrance of the cave. An elevator takes you a further 18 meters to the large cave chamber.

TOUR ITINERARY

After pick-ups, we make our way to the Rhino & Lion Nature Reserve, located north of Johannesburg in the Cradle of Humankind. After a brief safety talk, you're taken on a 2-hour game drive in a specialised open safari vehicle.

After the safari tour, we make our way to Bothongo Wondercave for a tour of this incredible natural wonderland. The caves are renowned for their beautiful stalactites and stalagmites.

Return to the Wildlife Centre for snacks and refreshments (own cost) and spend some time viewing the orphaned and rescued animals at the centre.

After a lovely time in the nature reserve, your guide drops you back at your accommodation in Johannesburg.
